All you need to know about variable service charges

A variable service charge is where you pay for the actual cost of the services you receive on a yearly basis.

We estimate your service charge based on spending from the previous year. We factor in any changes to services, contract costs, VAT and inflation or any planned communal work coming up. At the end of the financial year, we will check the actual service charge spent and compare it with the estimated charges you've paid during the year.

What makes up my service charge?

The costs of the services you receive such as communal energy use, cleaning and grounds maintenance make up the total service charge. This varies depending on the services you benefit from. More information about the service charges you pay for can be found in your annual rent and service charge review letter, sent each February.

What if you've over-spent or under-spent?

Once the financial year ends (31 March), we'll review what's been spent in the year and provide you with a summary by 30 September. This information will tell you the difference between what was estimated and what was spent, with any difference being carried forward to the following year. Any under-spend will reduce your weekly/monthly contributions to service charges or any over-spend will increase them.

Important dates

We'll write to you each February with your new estimated service charges, and you should start paying the new amount in April.

We've mentioned a lot of dates, so we've set out below what happens and when.

We send your rent and estimated service charge for the year ahead	February
You need to start paying your new rent and service charge amount	1 April
Our financial year ends	31 March
We send a year-end account confirming what was spent during the year and what your balance is	September
We send your rent and estimated service charge for the year ahead, including the balance issued in September	February

Your legal rights

We will provide you with clear information about your charges and explain:

- what the charge is for when general terms are used such as 'maintenance'
- the exact cost
- when the charges were increased/decreased and why.

You have the legal right to:

- review any invoices or costs that make up your service charges
- scrutinise your service charges, including being consulted on contracts for services and any work we ask you to contribute to (if they are likely to cost more than £100 for services and £250 for work)
- have your service charges reviewed independently if you disagree with them.

What if I'm unhappy with my service charges?

We aim to provide a service which meets the needs of residents and offers value for money. You can ask to view, inspect and take copies of invoices which make up your service charges.

We have created a new set of estate standards from feedback from over 600 residents across Kent. The standards clearly set out what you can expect from us and allow you to hold us and our contractors to account when things aren't going well. To see the standards, visit www.westkent.org/estatestandards or check the noticeboard in your communal area (if you have one).

If you feel we're not providing you with the service you expect or have a complaint about how we're handling your service charges, please get in touch by emailing help@wkha.org.uk or calling **01732 749400**.

If you're dissatisfied with our response, you have the right to appeal to the First-tier Tribunal (Property Chamber) which will determine if the service charge is reasonable. To do this, you'll need to complete an application form and return it to the appropriate regional Tribunal office. Please note that you will need to pay a fee to submit an application. You can find more information on this process at www.lease-advice.org.

Ways to pay

You will usually pay your service charge as one payment with your rent. There are a number of ways you can pay - choose the one most convenient to you!

Direct Debit

We can collect direct debits weekly or monthly (on the fourth working day of the month). Please call us on **01732 749400** to set your direct debit up.

Online payments

Visit www.wkha.mysecurepay.co.uk. You will need to enter your ten-digit tenancy reference number and confirm your postcode.
